Professional Profile

Dr. Eduardo Januzzi is Director of the Orofacial Pain and Temporomandibular Disorders Center at Hospital MaterDei in Belo Horizonte, Brazil, and a Postgraduate Professor at Faculdade de Tecnologia de Sete Lagoas (FACSETE), where he coordinates programs in Orofacial Pain and Implant Dentistry. He holds a PhD in Health Sciences from the Federal University of São Paulo (UNIFESP) and completed postgraduate training in Evidence-Based Health at Hospital Sírio-Libanês, São Paulo. He also served as Visiting Professor at Universidad Europea de Madrid in 2024.

With over 30 years of clinical and academic experience, his work focuses on Orofacial Pain and Temporomandibular Disorders, particularly TMJ internal derangements, minimally invasive joint therapies, bruxism, and evidence-based pain management. He has published 29 peer-reviewed scientific articles and is a frequent lecturer in Brazil and internationally.

Dr. Januzzi is a Founding Member of the Brazilian Society of Orofacial Pain and Temporomandibular Disorders (SBDOF), affiliated with the International Team for Implantology (ITI) and the International Association for the Study of Pain (IASP), and serves on the Editorial Board of the *International Journal of Clinical Anesthesiology*.
