**Present** – Assistant Professor. Department of Oral Rehabilitation, Faculty of Dental Medicine, University of Lisbon, Portugal

**Present** – Researcher. Biomedical and Oral Sciences Research Unit, Faculty of Dental Medicine, University of Lisbon, Portugal

Dr. Virgínia Carvalho Santos is an Assistant Professor in the Department of Oral Rehabilitation at the Faculty of Dental Medicine, University of Lisbon, Portugal, where she is also a researcher at the Biomedical and Oral Sciences Research Unit.

She received her DDS from the University of Lisbon and later completed a Specialization in Oral Rehabilitation and an MSc in Restorative and Aesthetic Dentistry. She obtained her PhD in Biomaterials at the Faculty of Dental Medicine, University of Lisbon.

Dr. Santos has extensive academic and clinical experience in oral rehabilitation, biomaterials and orofacial harmonization. She has served as examiner in PhD and MSc examinations and supervises Integrated Master's research projects.

Her scientific work focuses on biomaterials, oral rehabilitation and orofacial harmonization, and she is the author of national and international scientific publications in these fields.

Dr. Santos is President of the Portuguese Association of Orofacial Therapeutics and Harmonization and a member of the Executive Board of the Portuguese Dental Association, where she coordinates the Sectorial Competence in Orofacial Harmonization.

She is an invited speaker at national and international scientific meetings and has been Brand Ambassador and International Speaker for Fillmed since 2019.
